Dear Ms. Hesse,

The following is my commentary on the proposed settlement between the United States Department of Justice and Microsoft solicited under the Tunney Act.

I believe that the settlement proposal is lacking in substance, and cannot effectively address the items which it is claimed to provide relief for. I am in complete agreement with everything which I have read published by Dan Kegel on this topic at this web address: [www.kegel.com/remedy/letter.html](http://www.kegel.com/remedy/letter.html).

In summary, I would like to register my disagreement with the proposal.

Thank you for reviewing this and all comments.
